

Choo Choo Train

Music by Christian Willisohn

Lyrics by Alexandra Mayer

Life is running like a choo choo train
back and forth, forth and back again
millions of people use that choo choo train
going up and down and up again.

*don't lose connection
don't waist no time
line up and get on board
make it true
take your chance and ride
come on the train
come on the train.*

you'll find all your friends on board that train
some will stay, some get off again
it will pass through sunshine, clouds and rain
jump the rails, get on track again.

*don't lose connection
don't waist no time
line up and get on board
make it true
take your chance and ride
come on the train
come on the train.*
