

## **I Can't Sleep**

Music by Christian Willisohn

Lyrics by Alexandra Mayer

I can't sleep, the whole night through  
Counting sheep, is what I try to do  
But the shepherd does not seem to care  
All the sheep are jumping everywhere.  
I can't sleep, what can I do?

Alone, nobody's home  
I lie awake, the sheep are gone  
I toss and turn, that ain't no fun  
Still waiting for my dreams to come  
I can't sleep, what's to be done?

Can you tell me where all the sheep are when you need them  
I didn't realize when the whole flock stole away  
Do you think they'll come back to me if I feed them  
I'll serve them green grass even on a golden tray.

I can't sleep, my thoughts are wrong  
It's not the sheep, I blame it on  
I bet they sleep well in their wooden den  
they never think about counting men.  
I can't sleep, what's wrong.

I can't sleep, like a sheep
